F. C. Baker has just received coal oil.

G. R. Russell's stock has arrived and he has opened out for business in his new butcher shop, next door to S. McLeod's.

Mr. George Firesine, a well known Winnipeg gentleman, arrived by Tuesday's train, from the Prairie Capital. His visit is in connection with a large real estate deal about to take place in Prince Albert property.

We received a pleasant call this week from **Mr. E. J. Millard**, the Route Agent of the Dominion Express Company of Winnipeg. The Company now have an Agent here in the person of **Mr. Buchanan** the station agent.

F. troop N. W. M. P. will shortly lose one of its most popular non-commissioned officers in the person of **Sergt. Major Brenner**, who leaves next week on a well earned two months furlough. **Mr. Brenner** has many friends in Prince Albert who will regret to learn that he will not return to this post. Fort Saskatchewan, we believe, is to be his future home.

Next Wednesday is the day appointed for the driving of the last spike of the **P. A. Railway**, and we believe it is to be the occasion of a grand demonstration. Invitations have been sent to representative men in Manitoba and the Territories who are expected to be present. Does our mayor intend to declare that day a civic holiday? We think he should, and the matter should be attended to without delay.

Mr. G. S. Davison, Junior Chief Trader Hudson Bay Company, who has for many years ably filled the position of accountant for this district, was immediately appointed by the commissioner upon hearing of the death of **Hon. L. Clarke** to take charge of the company's affairs in Prince Albert district. **Mr. Davison** is a painstaking and efficient officer of his company, and we trust the appointment will be permanent.

If you want biscuits, or confectionery of any kind you can get them at **F. C. Bakers**.

VIENNA, Oct. 6.—The papers teem with angry articles concerning the American tariff. They contain more denunciation than criticism. The government is making efforts to allay the excitement.

PARIS, Oct. 5.—Admiral Cuverville telegraphs the government that peace has been concluded with Dahomey and the blockade is raised. The King agrees to respect French possession of Kotonou and a protectorate over Porto Novo.

LONDON, Oct. 5.—The police have received two more letters signed by "Jack the Ripper" announcing the intention of that blood-thirsty unknown to commit fresh murders and mutilations. The police believe that these letters are genuine. Vigilance committees are being organized in the Whitechapel district, in expectation of the renewal of the "Ripper's" depredations. The police has been increased.

GENERAL NEWS.

MAXWELL, Ont., Oct. 6.—A large stone house situated six miles from here and owned by **D. McNaughton** was destroyed by fire last night. **Mrs. McNaughton**, senior, together with young **Mrs. McNaughton** and baby, escaped, but her husband, James and a little girl about eight years old, perished in the flames.

MONTREAL, Oct. 6.—A horse thief named **Saney**, who broke jail here, has been arrested at Nashua. He will fight extradition. He and his brother were the terror of Beauharnois and the vicinity. The brother is awaiting sentence for horse stealing.

HALIFAX, Oct. 6.—**James A. Bedford**, aged sixty, was killed to-day through falling down an embankment; fence at the top, against which he was leaning, gave way.

TERRE HAUTE, Ind., Oct. 6.—Grand Master Sargent, of the Brotherhood of Locomotive Firemen, who is president of the Supreme council of the Federation of Railway Employees, to-day issued a call for a meeting of the council at Houston, Tex., on Thursday next to consider the threatened strike on the Houston and Texas railway.

PHILADELPHIA, Oct. 6.—**Comte De Paris** and party arrived in this city from New York. They were escorted to the city hall, where they were formally welcomed to the city by Mayor **Fittler** and presented with an engrossed copy of an eulogistic resolution recently adopted by the city council. This afternoon the party dined with **George W. Childs** at his country residence, returning to the city in the evening to attend a reception tendered by the loyal legion, at Union League club house.

TRENTON, N.J., Oct. 6.—Before leaving Trenton this afternoon the **Compte De Paris** sent the following cablegram to **Mrs. George B. McLelean**, who is residing at Tunbridge Wells, England: "I am deeply impressed by the visit to the grave of my beloved chief. I send you expressions of my sympathy and wishes for your welfare."

NEW YORK, Oct. 6.—**Mrs. Ada Richardson** obtained a verdict before a sheriff's jury to-day for \$20,000 for alienation of her husband's affections. Her husband is **David C. Richardson**, to whom she was married in 1874. The couple lived together until 1881, when he began to neglect her for **Mrs. Ella T. Burt** wife of **George A. Burt**. **Mrs. Richardson** brought suit against **Mrs. Burt** for \$25,000, with the result above stated. CHICAGO, Oct. 6.—On the night of the fire in **McVicar's** theatre one of the life casts of **Abraham Lincoln** was stolen from the studio of Sculptor **Volk**. The latter needs it because he is at work on a life statue of **Lincoln** for the soldiers of **Rochester, Mo.** But apart from that **Mr. Volk** prizes it because it was taken from a life cast of the great president.

ROME, Ga., Oct. 6.—**Miss Mary A. Wood** a 16 year-old girl, has been awarded \$2,000 damages against the **Chattanooga, Rome and Columbus Railway** company. A conductor put her off a train at night, compelling her to walk through a mile of forest to reach her home.

QUEBEC, Oct. 6.—The appeal of **Morin** condemned to death for the murder of his partner **Roy**, came up before the court of appeal to-day. Appeal was taken on the ground that the judge had ruled out certain evidence which should have been received and that the jury had been illegally empaneled. The first plea was dismissed and judgement on second reserved till Wednesday. Should the judgment be averse to **Morin**, he will be hanged on the 17th inst.

ST. CATERINES, Oct. 6.—A four-year old daughter of **Joseph Johnson** was burned to death to-day through her clothes catching fire while she was playing with matches.

FRIDAY, OCT. 17, 1890.

The great lack of interest taken by our farmers in their annual agricultural show is neither calculated to inspire respect for their energy or enhance the value of our district. Only a very few can be prevailed upon to take the trouble of preparing exhibits, and half a dozen farmers are all that take active interest in Society work. A few energetic residents of the town, knowing the advantage a country gains by a successful exhibition of its products, continue to largely assist in making them a success, but even they begin to find themselves engaged in an uphill work, and unless the farming population bestir themselves they will only have themselves to blame should exhibitions soon cease to be held and our district lapse into a record no respectable community should envy. From remarks made by some exhibitors (who were unsuccessful) we fear the cash value of a prize has more interest for them than the valuable credit our district gains by a large exhibit of grains, roots, dairy products, live stock, and the no less important section always filled with domestic manufactures and fancy work. This is to be regretted, and every settler should now resolve (and religiously stick to it) that next year he will exhibit a sample from every department of his farm. Once let a spirit of this nature actuate a farming population, and they will find the business men and others actively cooperating with them, and Prince Albert will have an annual display that will excite the admiration of every other district in the Territory. Most of the past years officers have done their duty well. Much valuable time has been devoted by Mr. A. Spence, Mr. R. J. Pritchard, the directors and secretary, but those who should have not responded, and evil results have followed. Next year we will hope for better things. The exhibitors will see the advantage of a big display, and will enter into the undertaking with a higher object than the paltry dollar and cent value of a prize.

We await with interest the report the English delegates will soon be submitting to the several localities which they represented during their tour of inspection through the Dominion, and will hope that the Sunday spent here will not be lost sight of. Any steps which the Government may take with a view to quickening their emigration policy will be hailed with delight by the people of Manitoba and the Territories. They recognize that the sending out of the above mentioned delegates was the first move towards developing some good from the increased immigration vote of last session, and while many other schemes equally good might have suggested themselves, valuable results will follow even this single step. This is satisfactory, but the government should go further, and move much more rapidly than in the past. Hitherto fossilism has had too much swing in connection with immigration work, and the needs of the country demand a change. The American States—Eastern as well as Western—have a large population of desirable people anxious to change locations. These should be worked up. Agents, capable men, not one or two, but a considerable number should be employed and started off in a credible shape to hunt these people up and to impress upon them the advantages our country offers. Sweden, Norway, and Iceland have already supplied us with some settlers, but only a very limited number of those each year leaving these countries find their way here. Money should be spent in turning a larger tide towards our vast, and at present vacant, prairies. The immigration grant of next year should be more in accordance with the importance of the department, and the uses that can be made of it; the cost of other branches of our service compared with the miserable pittance doled out for immigration work shows a huge injustice. It is only by correcting the injustice at once that the Territories can be made occupy their proper position. It is estimated that only twelve thousand to fifteen thousand souls will settle in Manitoba and the North West Territories this year. We have the land, water, climate and all other requisites necessary to good comfortable homes, but our vast area of rich and uncultivated lands will be an equally vast number of years in filling up, on a basis of the above estimate. Let the fossils be pruned out from the present emigration staff. Let Mr. Carling have an active assistant and an increased vote, the results will surprise even a croaker.

We are informed that tenders will soon be asked for the erection of Public Buildings here. The fact that they have already been asked for in Regina lends color to the report. It should be attended to at once.

We hope immediate steps will be taken by our Town Council, Agricultural Society and Board of Trade, towards impressing on the government the importance of an immediate subdivision of the out-leases made by Mr. Klotz, north of the river. Prince Albert has a right to demand that those fertile lands be open to settlement by next spring.

We heard a gentleman who has always taken considerable interest in our agricultural shows remark that his drives through the country satisfied him that one of the finest displays of sheaf grain in the Territories could be gathered within a

radius of fifteen miles of the town, and that such an exhibit should have been allotted space as well as threshed grain. He felt it was so important that a respectable quantity of grain should be exhibited each year, that next season he would offer a special prize in this connection.

The celebrated McKinley Bill hasn't struck terror to all nations. Italy refuses, under its provisions to display her goods at their worlds fair. All Europe is on the alert, and a season of retaliation is almost in view, the extent of which, if once started will satisfy the bluffers that the United States is only a portion of the earth. There are a few disgruntled croakers, but only a few, in our country who haven't faith in Canada's back bone. The great majority have pride in their possessions, and are prepared to develop a profitable trade in them, no matter how selfish the United States may grow.

CARROT RIVER.

List of the Carrot River District Agricultural Society.

The 5th annual exhibition of the Carrot River Agricultural Society took place at Carrot River on the 25th September last. The weather was delightful, in fact it was a perfect day. There was quite a number of visitors in attendance, many of whom were utilized as judges for the occasion. As usual, the exhibits were numerous and all were of first class quality. The display of horses and cattle was excellent. C. Robertson and Sons took the Macdonald Challenge Cup for cattle, while J. M. Campbell took the lead in horses, closely followed by several others. The grain exhibit was one of the finest and that of vegetables could not be surpassed. In the ladies' department the competition was as keen as ever, reflecting great credit on the efforts of the fair sex. Great credit is due to the President and directors, and more especially to the energetic secretary for the zeal displayed in carrying out the details necessary to the holding of a successful exhibition. The following is the list of prize-winners:—

A table or two of great usefulness has been added to weights and measures, giving the various pounds to the bushel of roots and grain, the measurements of hay and coal and all particulars showing what product, stores and stock can be packed in an ordinary railroad car. The maps of Winnipeg and the Province are very useful, and show the new railway extensions to date.

The Winnipeg Free Press, of a recent date, has the following to say of the Athletic and Dramatic aggregation of North West Mounted Policemen who were taken from Regina to Winnipeg, a short time ago, to compete with the athletic talent of that city. "Taken as a whole the trip has been a decided success. They have won two out of their four matches, defeating the R. S. M. I. at both cricket and football, but succumbing to the Winnipeg cricket club and the Winnipeg football club in the matches with their teams. Their dramatic club also had a most successful entertainment at the opera house. Altogether the police go home pretty well satisfied with themselves. They will try to repeat the trip next year.
